MIKE & JEANIE CASEY | 415-662-2541 | EIEIESQ@CASERS.NET

WWW.FAIRLEALONGHORNS.COM

Dear fellow breeders:

Christmas is around the corner and approaching fast. For some, it will mark a turn toward normalcy, while for others the pain and misery of the last several years will still be raw. For Jeanie and me, and we hope for you as well, it will be both a season of joy and thankfulness, and, too, a time to focus on the needs of others who are still picking up the pieces of their lives. We hope we have found an upbeat way to use our love of longhorns to address both the joy and the ongoing need for help.

With that in mind, we have decided to hold an internet only Christmas longhorn sale with a fun twist to it. On the evening of December 10th, we will sell over the internet about 30 longhorns, and the successful bidder on each lot will, in addition to the cow he or she bought, receive a \$500 credit to be used by them to identify a charity or charities which they would like to support and to instruct us (Jeanie and me) to make a gift in their name to that charity or those charities of their choosing. The idea is for everyone to enjoy a good sale while, at the same time, supporting local non-profits that are delivering valuable pandemic related services in every community. As an example, if you are the high bidder on a lot in the sale, and if you think the Red Cross, or your local church, or both for that matter, or any other recognized IRS 501(c)(3) charity in good standing deserves your support for the good work it is doing in your community, you tell us to send checks totaling \$500 to that agency or agencies, and we will do it in your name.

We love our longhorns, and we can't think of a better use for them than as a way to help others in need. We hope you all will agree, and if you do, we will try to make this an annual event and invite consignors to join us in future years. In the meantime, we want to thank Chase Vasut, Bruce McCarty, Dale Hunt, and Molly and Jaymie and their team at Hired Hand for all their help in turning an idea into an event in less than 60 days. You guys are fabulous.

Finally, to our many longhorn friends, we hope you enjoy this event, and we send warm Christmas greetings to one and all.

Mike & Jeanie Casey

TERMS & CONDITIONS

TERMS & CONDITIONS: All cattle sell under the terms and conditions listed in this catalog.

BIDDING: Each Animal will be sold to the highest bidder with reserve.

BIDDING DISPUTES: The Auctioneer in charge will settle any disputes as to bids, and his decisions on such matters will be final.

TERMS: The Terms of this sale are cash or check at the conclusion of the auction. Please make checks payable to McCarty Promotions and mail to the following address:

McCarty Promotions
125 Wilson Lane
Weatherford, Texas 76087

Questions about payment? Please call Lori McCarty at 817-991-8825. Payment can also be given to Dan Tisdale if picking up cattle from the ranch.

POSSESSION: Immediately after the animal is sold, it will be the sole risk and responsibility of the buyer thereof, but possession cannot be obtained until payment is made.

CERTIFICATION: A certificate of registration will be furnished and transferred to the purchaser of each lot in the sale, including calves at side.

HEALTH: Bidders should consider individual state requirements before purchasing.

GUARANTEE: Breeder guarantees are strictly between the individual consigner and purchaser at the sale. All calves at side are given to the purchaser free and carry no guarantee.

NOTICE: The purchaser must look to the seller for fulfillment of all guarantees and representations made hereunder.

PEDIGREES: The seller has furnished the information on the pedigrees of the animals announced.

ANNOUNCEMENTS: All announcements made from the auctioneer block shall take precedence over information printed in the catalog.

LIABILITY: All persons who attend the sale do so at their own risk. Sale management and anyone connected with the sale assume no liability, legal or otherwise, for any accidents that may occur.

CONTRACT: The above terms and guarantees shall constitute a contract between buyer and seller of each animal sold. No cattle may be loaded up until after the sale. All cattle must be loaded out within 7 days unless further arrangement have been made.

BUYER RESPONSIBILITY: Prospective buyers or bidders at the sale should listen carefully to all announcements made from the auction block by the auctioneer, pedigree reader, or seller on each animals that is sold. Buyers should acquaint themselves with terms concerning breeder status, fertility, and health papers on each animal sold. It is the responsibility of the buyer to be aware of health regulations for transportation of animals into the state of their residence. By carefully listening to all announcements made a buyer can save himself possible misunderstandings.

DONATIONS: Our obligation to pay funds to any designated charities shall not arise until after buyer has made payment in full for any and all animals purchased.

- We will pay \$500 per sold lot and no more. If an animal is purchased by a partnership or by multiple parties, it will be up to them to tell us how they want to split the \$500 credit and who speaks for them. We can only accept instructions from one person per lot regarding the designated charity(s) that they want us to pay the check(s) to. If any dispute should arise regarding the spokesperson and/or the charity chosen, we have the right to make payment to the order of the charity selected by whoever's bidding card was identified by the auctioneer at the time of sale.
- We reserve the right to research the legitimacy of any non-profit nominated for the purpose of determining their 501©(3) status. If any prospective grantee cannot show proof of good standing with the IRS, we reserve the right to refuse to pay funds to such organization and to require that the high bidder provide us with an alternative agency in good standing with the IRS.
- If a person or persons is the high bidder on more than one lot, his or her rights shall be \$500 times the number of lots purchased.

ONLINE BIDDING: Clicking to bid is a binding contract. Successful winning bids constitute as final sales. No refunds available. Hauling is organized and funded at the owner's expense.

INTERNET VIEWING & BIDDING

- Internet Viewing & Bidding Courtesy of Hired Hand Live, a Product of Hired Hand Software, www.HiredHandLive.com
- Go to www.HiredHandLive.com and follow the prompts to either log in (if you've used our system before) or become a registered bidder.
- We recommend using the internet browsers Chrome or Firefox, not Safari.
- Bidders are required to register for each sale they wish to participate in. Viewers are not.
- A credit card is required for online verification but will not be billed. Upon notification that you've placed a winning bid on an animal the sale will invoice you with mailing instructions for payment by check, wire transfer, credit card or money order.
- You can place absentee and max bids if you are unable to be online live during the sale. These bids are NOT seen by anyone other than Hired Hand staff and are placed automatically by our system to purchase the animal at the lowest price possible for you.
- To also join Hired Hand's Mobile Marketing List and receive text updates of sale prices and buyers please text website.longhorns to 888-700-8131.
- There is no fee to participate and no buyer's premium. Buyers are responsible for coordinating their own hauling.
- All terms and conditions listed in the sale catalog apply to on-line bidding.
- Contact Jaymie Feldmann, Hired Hand Software, for additional assistance: 319-239-2662 or jaymie@hiredhandssoftware.com.

Supporting Charities

**We will donate \$500 per sold lot to the
charity of your choice in your name!**

For complete details see the terms
and conditions on page 4.

Pacific Strawberry

Date of Birth: 03/26/2015
Registration 1: CI309817

OCV'd. I wanted to start this sale out with a bang and what better way to do that than with an 83.5" TTT daughter of RRR Miss Berry. Take a long look at her pedigree. She is a granddaughter of Wiregrass Laura on top and goes back to JP Rio Grande on the bottom. She is long and thick and raises great calves every year (check out her daughter selling as lot 2). Strawberry has a heifer calf at side, born 8/28/21, by BH Ferdinand, our 88.5" Patton son, and we expect her coloration to come out in time and look like Ferdinand's mulberry color. She is confirmed by our vet to be 35 days safe in calf back to Ferdinand for a spectacular 3 in 1 package to start the sale. Strawberry is our way of saying thank you to everyone who has logged on and is here today. Merry Christmas!!

Pacific Popcorn

Date of Birth: 05/14/2020
Registration 1: Pending

OCV'd. If you liked Pacific Strawberry, here's your chance to buy one of her daughters by Simba. Simba took Strawberry's horn, color and gentleness and added a dose of RM Miss Kitty (104") and Top Caliber (89") to the mix. Those two powerhouse horn producers together measured 193" tip to tip. Can you imagine the potential horn explosion the buyer of this heifer is going to see and enjoy when Popcorn takes off. Almost as an afterthought, look closely at her structure, color, and horn shape, and you will see why this youngster is hard to let go of. I do not breed my heifers until 2 years old, so she is ready to breed to the bull of your choice! I have no doubt she will grow into a head turner in your front pasture.

Courtesy of Fairlea Longhorns

<http://www.hiredhandssoftware.com>

Pacific Sunshine

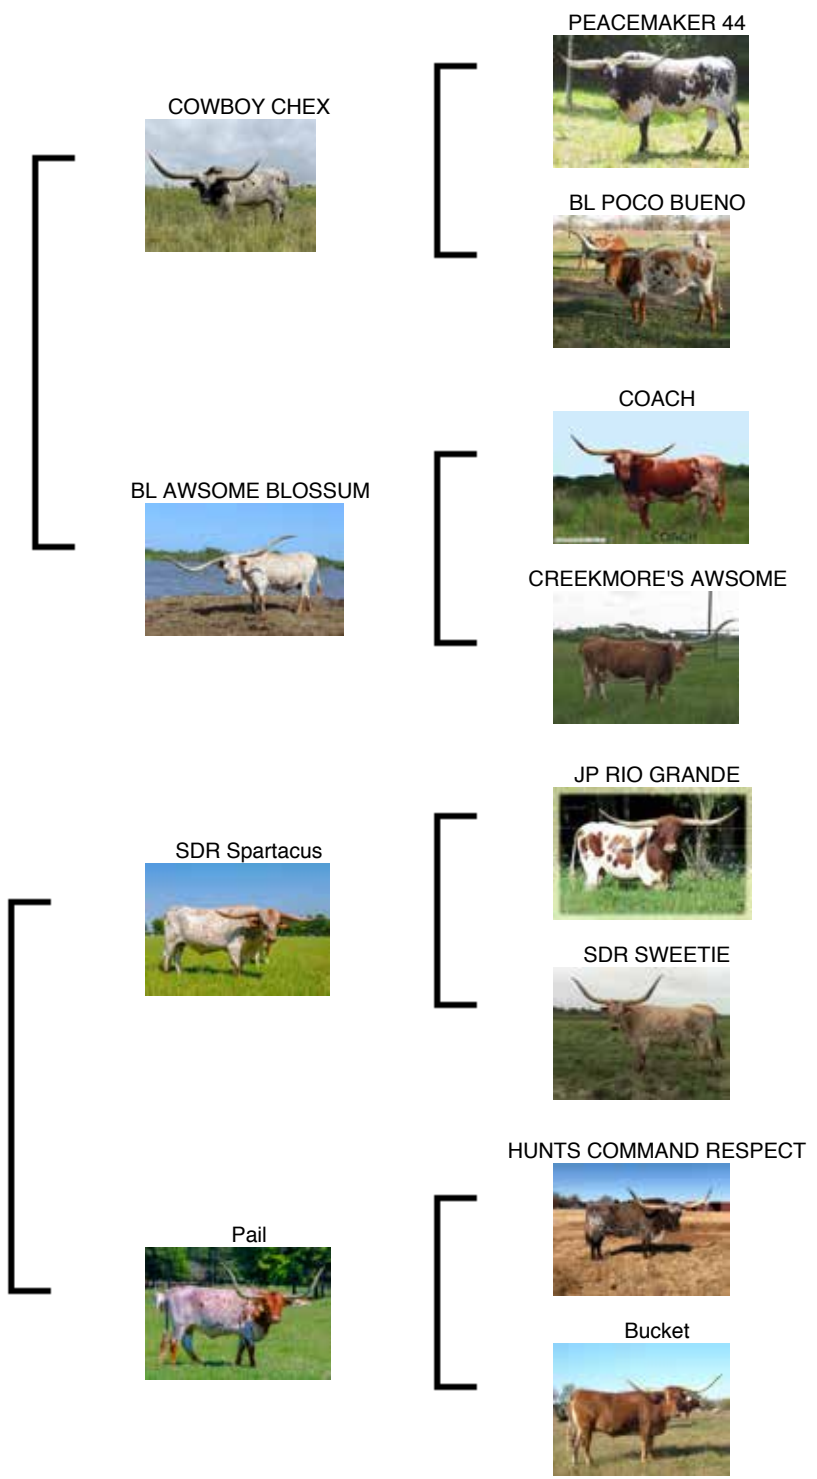

Date of Birth: 12/27/2018
Registration 1: C1320540

OCV'd. Sunshine might be my best Santee Daughter out of the 2018 calf crop. She is a half sister to the \$60,000 Pacific Diamond Lil as well as numerous other futurity winners and sale toppers. She boasts a deep red color with horns going out straight and flat with a hint of the roll that got her dam to 84". On the bottom you have the magic cross of Rio on top of HCR genetics. To me, this heifer is a "looker" and is what I strive for. She is the product of selective breeding and little bit of luck. She is confirmed bred to BH Ferdinand, and her calf should be a winner.

<http://www.hiredhandssoftware.com>

HH Pacific Hopes

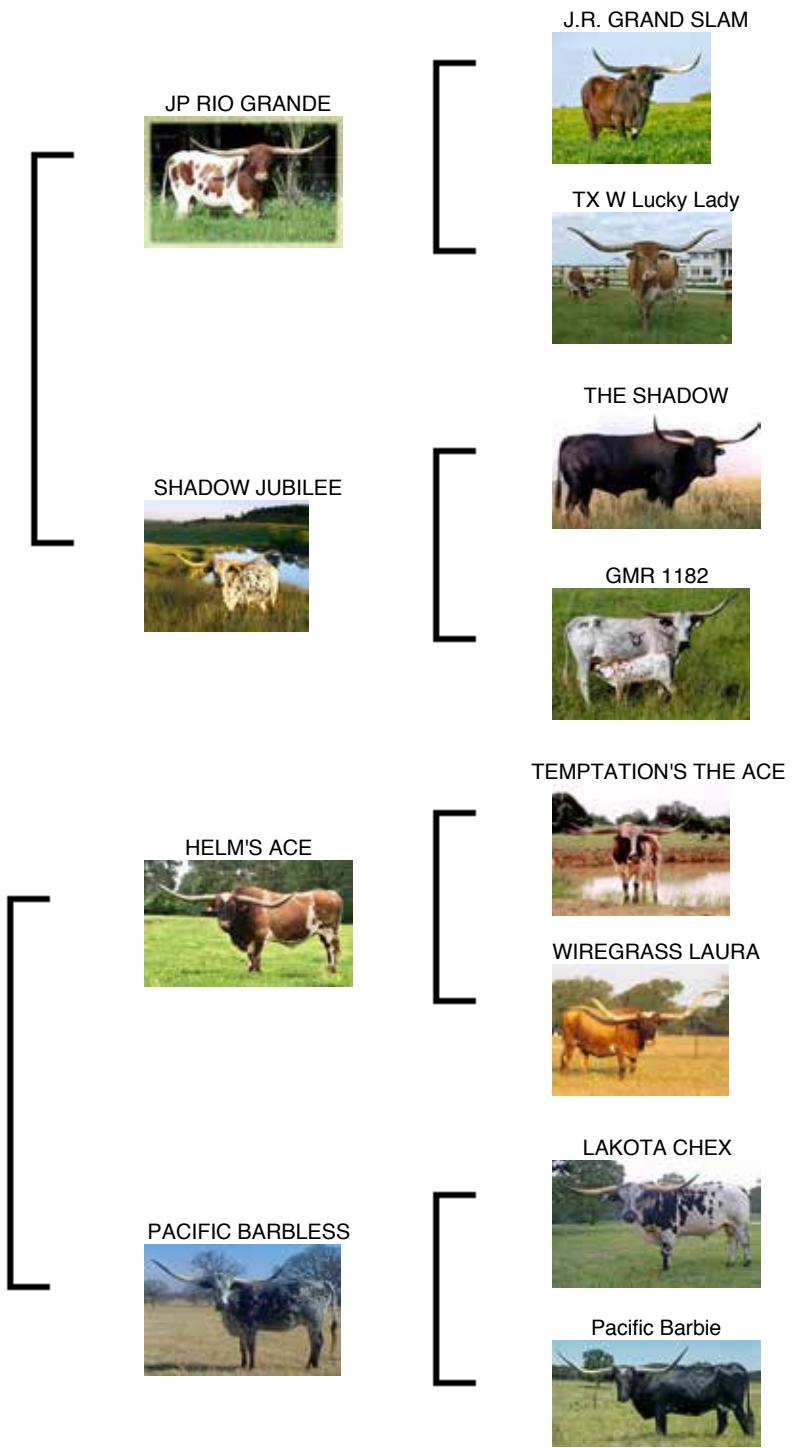

Date of Birth: 02/17/2019
Registration 1: C1321696

OCV'd. Here is your chance to own a majestic solid black daughter of the great RM High Hopes. Her pedigree is filled with some of the most productive animals in the industry such as Shadow Jubilee, Wiregrass Laura and JP Rio Grande. Her horns are rolling out as we speak and I feel she is going to be a phenomenal cow as she matures. This is a heifer that we didn't expose until September 16th, and we exposed her to Cowboy Ruff, our 88" two year old bull who we own with the Crafts and who we had to return to the Crafts on November 3rd. That only gave her 1.5 months to get bred. Our vet says she is too close to call, which isn't surprising and also isn't her fault. I'll guarantee this heifer is fertile, and, if she isn't confirmed bred within 60 days, I'll either AI her with Cowboy Ruff semen or give the buyer 3 straws of his semen. If she is not confirmed bred within 90 days, I'll buy her back at whatever price she sells for tonight, and I'll still send a check to buyer's favored charity. You can't lose on this one!

BL FLASHY

Date of Birth: 05/05/2013
Registration 1: C1285221

OCV'd. Flashy's sire is Cowboy Tuff Chex, the longest horned bull in the breed. Her dam is a Rio Grande daughter out of Hubbell's Black Beauty. She measures over 82" tip to tip, she's gentle, and she raises a good calf every year. Finally, she's five months safe in calf to Ferdinand, my 88.5" Patton son. Knowing all that, why wouldn't you want to highlight your herd with this longhorn beauty?

Pacific Parchment

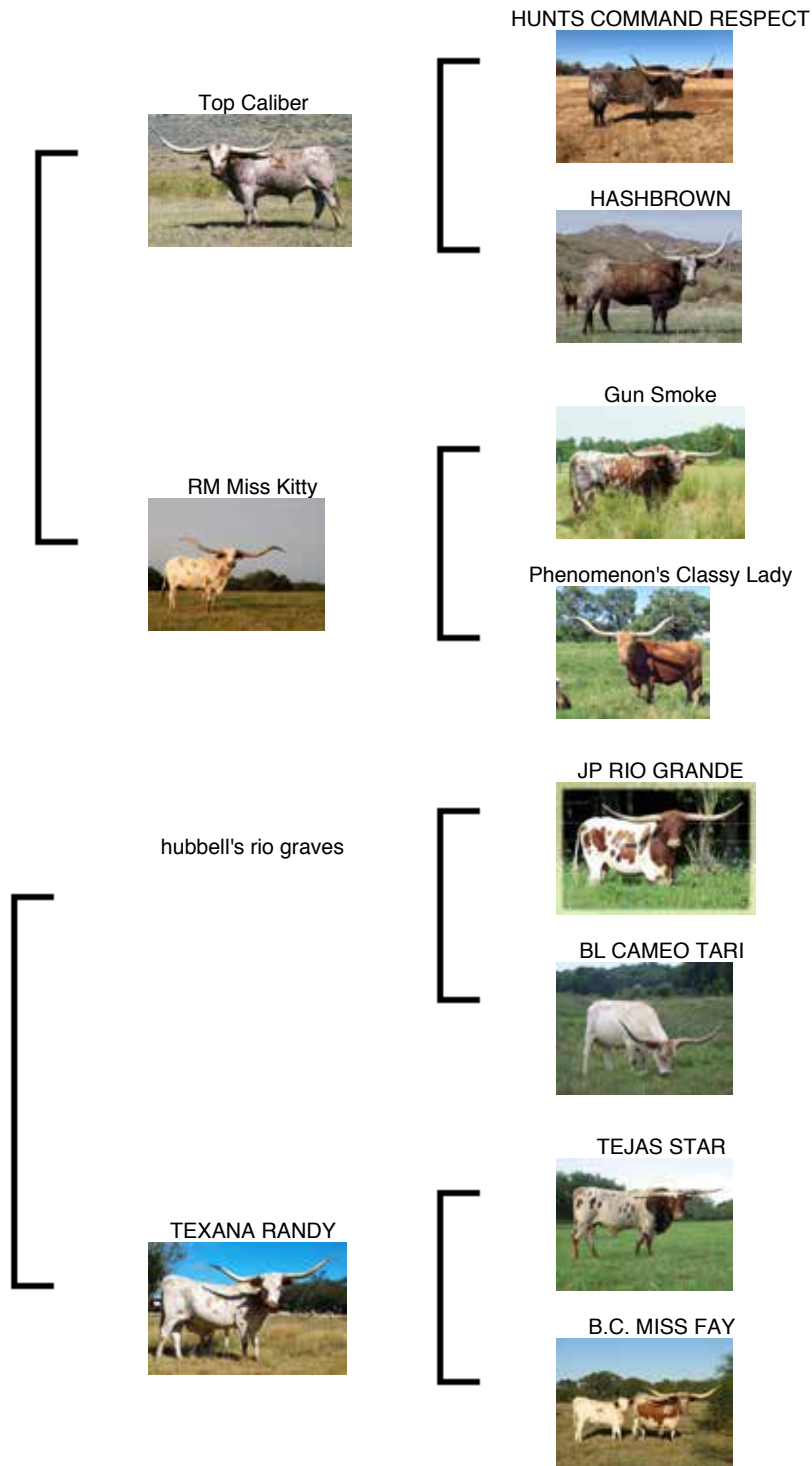

Date of Birth: 12/05/2019
Registration 1: CI323649

OCV'd. Parchment is another exceptional Simba daughter for your consideration. With the 104" RM Miss Kitty as her grand mother and JP Rio Grande, Tejas Star, and Delta Van Horne all on the bottom of her pedigree, it's evident that she has a lot going for her in the horn department. What isn't apparent in pictures is her size. She is a big, tall youngster whose 51.5" horn measurement a month before her second birthday looks less than it is on her big frame. She is going to develop into a big horned, beautiful red roan female. She won't be 2 until December 5th so we haven't exposed her, and she will be ready to breed to the bull of your choice. This is the type of heifer you'll be glad you own.

TTT: 51.5000 on 11/03/2021

Courtesy of Fairlea Longhorns

<http://www.hiredhandsoftware.com>

Pacific Kitty

Date of Birth: 05/01/2020
Registration 1: Pending

Pacific Kitty was named after her grandmother, RM Miss Kitty, who had over 104" TTT when she died last year. Pacific Kitty looks like she is going to try to compete with her famous namesake, and whether she actually wins or doesn't win that contest, she is going to be a great looking animal nonetheless. She is one that I just like, and I know that whoever buys her will never regret it. She won't be two for another six months, so we haven't exposed her.

Pacific Dawn

Date of Birth: 01/01/2019
Registration 1: CI320537

OCV'd. One of the things we value the most in our females is consistency. This lot is Pacific Dawn, and the next lot is her full sister, Pacific Anabelle. Both are daughters of a cow we love named DDR EOS who is an 82" Zeus daughter who year after year gives us excellent calves. Pacific Dawn herself has been one of my favorites since she was born. She has a beautiful color scheme and has a pedigree worth diving into. You have Wiregrass Laura on top and then Zeus on the bottom. Zeus is a full sibling to the over 100" BL Rio Catchit. Pacific Dawn is a beautiful young female and you'll never regret owning her. She will make a great and consistent addition to any herd! She is 2 months safe to Cowboy Ruff which is just another reason why you don't want anyone else to get her.

TTT: 62.3750 on 11/03/2021

Courtesy of Fairlea Longhorns

<http://www.hiredhandsoftware.com>

Pacific Anabelle

Date of Birth: 11/29/2019
Registration 1: Pending

OCV'd. Annabelle is a full sister to Pacific Dawn, the previous lot. As you know, I wanted to show the consistent production of this family line. Again you have Helm's Ace who is a son of the great Wiregrass Laura. On the bottom she goes back to Zeus who is a full sibling to the over 100" BL Rio Catchit. Her horns are starting to roll out and if there is one thing this family does is to consistently produce horn and frame. She is sure to be an excellent addition to your herd as she matures. She is confirmed by our vet to be short bred to Ferdinand.

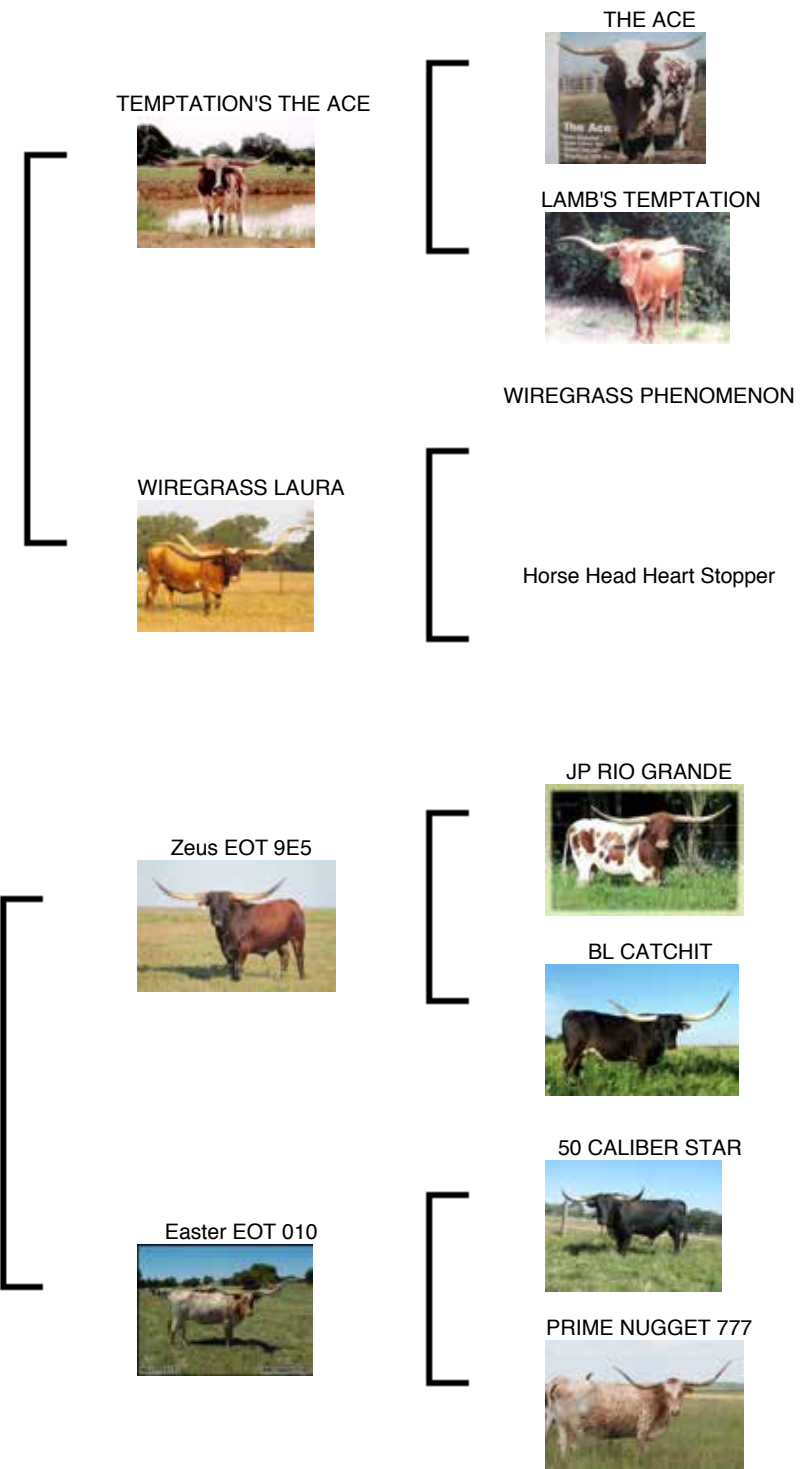

TTT: 51.5000 on 11/03/2021

Pacific Anabelle

<http://www.hiredhandsoftware.com>

Pacific Stars and Stripes

Date of Birth: 05/31/2017
Registration 1: C1314234

OCV'd. Here is your chance to buy one of the prettiest cows in my pasture. Stars and Stripes showcases the type of offspring Helm's Ace produces, but in this case I give the bottom side of her pedigree the lion's share of the credit. That bottom half brings in the 88" Top Caliber and the upper 90" Shadow Jubilee. Those two animals were, for a time, the longest horned bull and cow respectively in the breed. The mating of Top Caliber and Shadow Jubilee produced Pacific Jubilee, who measures 86" TTT on a huge rack of total horn. . Stas and Stripes herself measures 80" TTT and is just 4 1/2 years old. She should be well over 90" at maturity, but in her case, it isn't just the horn; she brings the whole package - color, frame, conformation, a gentle disposition, and did I mention horn? The topping on the cake is that she is over 7 months bred to Cowboy Ruff. Somebody is going to get a very nice Christmas present this year.

Pacific Beaut

Date of Birth: 09/21/2015
Registration 1: CI309859

Pacific Beaut is an own daughter of the powerhouse producer Santee Chex, making her a half sibling to many sale toppers and futurity winners. Her unusual coloring is something that will make you stop in your tracks and is a very rare color to obtain. She is an easy keeper and very easy going cow. Going back to Maximus ST on the bottom, her pedigree gives you a variety of bulls to click with. Right now she has a brand new little heifer calf by Ferdinand at her side.

Pacific Palomina

Date of Birth: 03/29/2020
Registration 1: C1327724

OCV'd. Here is a full sister to Pacific Beaut, the previous lot. Palomina again exhibits the strong maternal lines in her pedigree that go back to Maximus ST and K.C. Justice. Her unusual sandy coloring is present throughout this family. Palomina's is even darker than her sister's, and she won't be 2 years old until next March. She is built well and has the pedigree to work with a host of today's leading bulls. She will be ready to breed to the bull of your choice. Color like this is hard to find.

585 HAPPY HOUR

Date of Birth: 02/20/2016
Registration 1: CI3024979

OCV'd. Happy Hour is a brindle grand daughter of the 100" and \$165,000 Cowboy Tuff Chex taking you back to Delta Tari on top as well. On the bottom she is all Asbill breeding which is throwing in the twist and color she is displaying. She gave us a beautiful heifer by Ace this past March, and she is now four months safe in calf to Cowboy Ruff. Sometimes an eyeful is a lot better than lots of words. This is one of those cows.

Pacific Carie

Date of Birth: 12/27/2018
Registration 1: CI320535

OCV'd. Carie is an example of two of my bulls crossing well with each other. On the top you have Helm's Ace which goes back to industry Legend Wiregrass Laura, as well as Temptations The Ace. On the bottom is Santee Chex which gives you BL Awesome Blossom and Boomerang CP as well. She is just coming up on her third birthday, and she sports a shapely horn set with tips that are starting to roll out and should ultimately be very impressive. What turns heads now is her fabulous bright colors which make her distinctive in any pasture. Carie is bred to Ferdinand, and should have a spectacular calf.

Pacific Starry Sky

Date of Birth: 01/13/2020
Registration 1: CI327710

OCV'd. Starry Sky is another example of what Santee Chex has produced for me. She traces back to BL Poco Bueno on the top and the great Night Safari on the bottom, possibly 2 of Bob Loomis best ever producing females. I have owned and enjoyed every bull and cow on the bottom of her pedigree save only Farlap and Night Safari, and Starry Sky has the same low lateral horn set that all her maternal ancestors have and that will swoop and roll. She is prime for the futurity circuit this next year. She is a great example of the bull you are looking for because her age and she is not an export and is ready to be used to the bull of your choosing.

Pacific Lemora

Date of Birth: 04/21/2015
Registration 1: CI309824

Lemora is a beautiful brindle daughter of Santee Chex and goes back to Neltam Breeding on the bottom that goes back to the great Sittin Bull. Pictures truly do not do this cow, and particularly her brindle coloration, justice. She is a big framed, easy going, easy keeper and is a joy to have in the pasture. She has produced 2 beautiful daughters for us, and she sells with a gorgeous bull calf at side by BH Ferdinand, our Patton son who just measured 88.5" TTT at just 4 years and 4 month. As a special extra, she is confirmed by our vet to be short bred back to Ferdinand for a 3 in 1. This is a great package here with some of my best breeding being offered.

TTT: 77.3750 on 11/03/2021

MS WR Cowgirl

Courtesy of Fairlea Longhorns

<http://www.hiredhandsoftware.com>

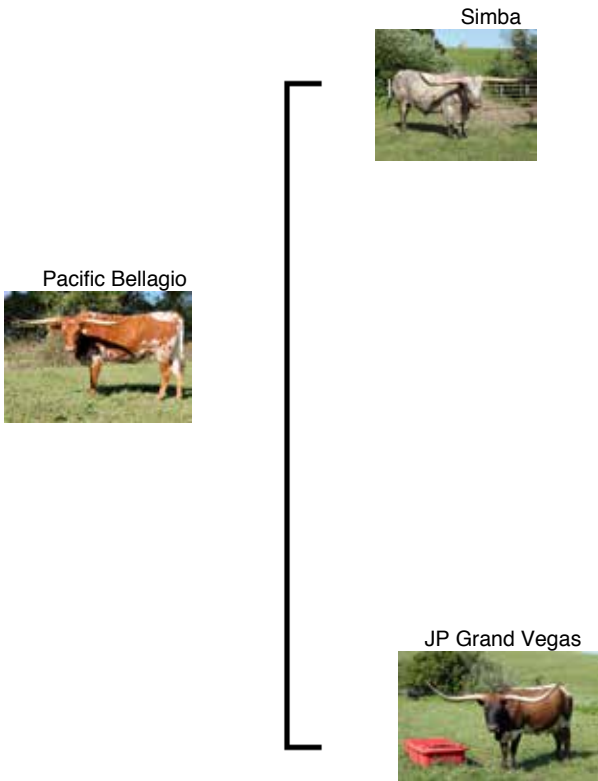

Pacific Bellagio

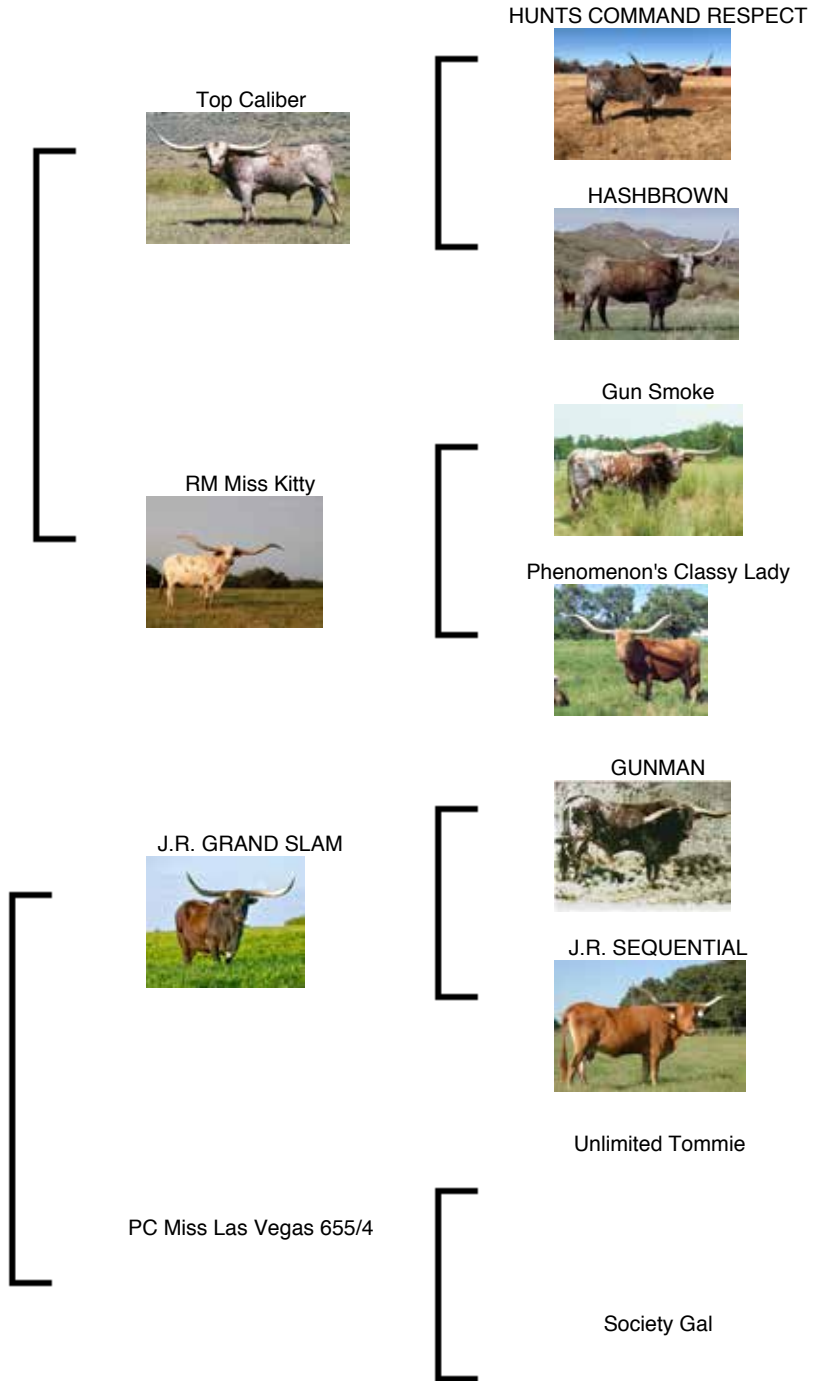

Date of Birth: 03/20/2019
Registration 1: Pending

Pacific Bellagio is another own daughter of Simba, making her a grand daughter to the 104" RM Miss Kitty on the top and on the bottom going back to J.R Grand Slam and Gunman. This is a proven cross that she wears well. Her beautiful color and low flat horns are sure to impress you when you get her home. Like Miss Kitty before her, sometimes it takes time for the horn to shine. For example, I bought Miss Kitty in 2009 when she was five years old and had 76" TTT. Five years later, in 2014, I sold her as the first 90" cow to sell at public auction. During the ensuing 7 years before she died, she added 14" more for a total growth spurt of 24" between the age of 5 and 17. Bellagio's blood lines suggest she too has a lot of growth ahead of her, and whatever the numbers may become, the shape of her horns will always be gorgeous. Bellagio is confirmed 6 months bred to Cowboy Ruff.

<http://www.hiredhandsoftware.com>

WR Rose Bud

Date of Birth: 11/28/2011
Registration 1: CI279129

OCV'd. Here is your chance to own a beautiful Iron Mike daughter who is out of the solid black Rio Rose ST. Rose Bud, pound for pound, is one of the best mama cows on the ranch and always raises one of the biggest calves at weaning. Her unique color and beautiful 82.25" of twisty horn gives her the eye appeal and her pedigree gives her the resume for production. I am retaining a son of hers as a prospect to introduce her color and production into my herd, which is why I am offering her and her most recent daughter (next lot) this year to you. She is 4 months bred to Santee Chex which means that the calf is going to be a wonderfully colored and very correct longhorn with even more horn than Rose Bud has. This is a serious offering of an animal who has given me great pleasure to own.

Pacific Country Gal

Date of Birth: 03/27/2020
Registration 1: CI323640

OCV'd. We dug deep for this sale in order to bring you lots of different looks. This little youngster provides all the proof you need about how tough it was to let go of Rose Bud (the previous lot). Pacific Country Gal is Rose Bud's 2020 daughter by JH Rural Country, a very well bred bull we own in California in a partnership with Dave and Kristine Beck. Knowing we already had, in Rose Bud, genetics for color, production, and extreme twist, we wanted to add some Rio Grande to put an exclamation point in the calf. It didn't hurt that Rural Country also carries blood from Lady Monika BL. Essentially, this little gal's pedigree reads like a textbook for a successful Texas Longhorn breeding program, and I have no doubt she will surpass her mother's 82" horn spread and, in all other respects as well, make an outstanding cow!. Because of her age, Country Gal has not been exposed.

PACIFIC ROSEMARY

Date of Birth: 12/23/2018
Registration 1: C1320532

OCV'd. This is one that is hard for me to part with as I know what she is capable of. She is a daughter of Simba who again gives you those 100"+ horn genetics with RM Miss Kitty. On the bottom you go back to Jubal Jangler and Cowboy Chex, who produced the 104" and \$165,000 Cowboy Tuff. She has amazing color, structure and horn for her age that will roll over, making her a powerhouse cow. Rosemary is 2 months safe in calf to Ferdinand. As with lot 13, sometimes the animal speaks better for herself, and the eye candy doesn't need words to back it up.

SH ARIANA AWESOME

Date of Birth: 03/19/2019
Registration 1: C1328093

OCV'd. Ariana Awesome is a daughter of the over 90" Gun Lee Zee which takes you back to Superbowl on top and on the bottom goes back to ZD Kelly and Sittin Bull. She has all the potential in the world and is totally satisfying my every expectation with respect to horn shape and growth rate. Indeed, there is nothing I don't like about her. She, like virtually all the animals in this sale, has taught me how difficult it is to take 30 animals, all of whom are like family, and agree to sell them all. Still, I wanted to have this sale, and so this dilemma is self-imposed. My only point is that Ariana, like all the animals in this sale, is hard to part with and is an animal I would be proud to keep in my herd and watch develop. She is confirmed short bred to Ferdinand, and the calf should be as awesome as Ariana.

Pacific Diamond L'il

Date of Birth: 04/24/2015
Registration 1: CI304664

OCV'd. Pacific Diamond L'il might be one of the best Santee daughters I have ever raised. Sporting an impressive 88" TTT and a beautiful black and white coat, she, at only 6 years old, is a game changer. She is a daughter of my best producing cow, the 97.75" Leah Leigh, and is well on her way of surpassing her mother. I sold L'il as a younger heifer for \$60,000 making her the high seller at the McCombs sale, and then I was able to buy her back. Now I realize that there is no cow better equipped to showcase my program than she, and so once again she will leave our ranch and become a living testament to the quality of longhorns this ranch produces. So, here she is, a truly elite female for a truly elite buyer. She sells bred to Cowboy Ruff for an amazing calf to come.

PACIFIC LOULIE

Date of Birth: 07/02/2018
Registration 1: CAI322013

Pacific Loulie has a great pedigree headed by Top Caliber. Her dam is solid black, as are most of her maternal ancestors including the legendary Night Safari. The bottom side of her pedigree is a family I am very familiar with since I have owned every animal in it except Farlap and Night Safari. It has been a great family for our program, not only for the black color that predominates throughout, but also for the swooping horns, the correct bodies, and the gentle dispositions. Indeed, Lakota Chex was so calm that I could take my tape measure out into the pasture, stick it on one tip, and extend the tape out to the other tip and read it. I did that every month for a couple of years, and not once did he object. Loulie is bred to Santee Chex who makes a habit of siring show and sale toppers. Bring her home, enjoy her, and she gives you and go for it.

MARSHALL LADY IN RED

Date of Birth: 04/21/2018
Registration 1: CAI323039

OCV'd Lady in Red is a deep red colored daughter of the blue roan JP Grand Marshall and my breeding on the bottom side. She is a money winner in the futurity and is maturing into a beautiful cow. She has a pedigree that will work with almost any bull and will become a big horned female all while producing every color of the rainbow. Lady in Red is 6 months bred to Cowboy Ruff.

LC Casanovas Breeze

Date of Birth: 05/05/2017
Registration 1: CI309557

OCV'd. Breeze once again demonstrates the beautiful cross between the \$100,000 CV Cowboy Casanova and Maxamillion .On the top side, she has the very productive Gala Show of Stars who measured 86.5" ttt. Casanovas Breeze has great conformation and all those intangibles that stand out in a well proportioned and solidly built female. She measured 76.5" TTT a month ago, and her horns are just now starting to roll over. I believe she is on track to go well into the 80's and could be a 90" cow! She is very impressive on her own merits, and to top it off she is 4 months bred to Cowboy Ruff.

Special Rose

Date of Birth: 02/16/2010
Registration 1: CI270068

OCV'd. Her name says it all. She is Special. Special Rose is an easy keeper with almost 80" of beautiful twisty horns. She is also a proven producer, and the mother of Pacific Medicine Hat who I sold at last year's Legacy Sale for \$30,000. Some people stay away from older cows. I'm not one of them. The way I see it is that if you have a proven producer that is 11 years old, like Special Rose is, she has four to six calves left and maybe more, any one of which can easily return you your investment and more. Anyhow, here is a super cow for those who like owning older cows and are not afraid to buy them. She is in this sale simply because I said that I wanted to have something for everyone. She is in the pasture with Cowboy Ruff, who is a son of the over 100" and Re... "T... d won'... 4 until F... ary... is... ush worthy... has alr... shown... ablr... roducing sale

Pacific Sugah

Date of Birth: 07/01/2020
Registration 1: CI328369

OCV'd. Sugah is a very nice heifer with a highly unusual color. Her sire is my most successful bull ever. Without exception, he makes highly sought after calves, calves that often grow up to win futurities or to become the top selling heifer at such sales as the Legacy, Red McCombs, and the Millennium Futurity. We don't breed our heifers until they are two years old, and so Sugah sells ready to put with the bull of your choice. Merry Christmas.

DC Miss Tuffy

Date of Birth: 05/21/2017
Registration 1: CI310217

OCV'd. Take a look at this star studded pedigree. Cowboy Tuff Chex, Top Caliber, JP Rio Grande, and KC Just Respect. Tuff is a breath away from 80" as a young 4 year old and has the perfect horn shape to grow into a big time cow! It's hard to improve a cow like this, but we hope we have done so by breeding her to Ferdinand and his 88.5" horn measurement as a 4 year old. Missy is the last cow in the sale, so before we end this event, Jeanie and I wanted to say thank you for your support, for buying our offerings, and for enriching our lives through your love of these magnificent beasts. Merry Christmas one and all, and may 2022 bring nothing but good news and happiness to you all and your families.
